**FOSTER YOUTH BENEFITS FOR COLLEGE**

NOTE: Foster youth do not lose eligibility if they are on academic probation.
### Automatic Verification of Foster Youth Status

- **Details**: Child welfare provides direct verification of foster youth status for the purposes of financial aid eligibility to college financial aid departments through the WebGrants system.

- **Eligibility**: Any student who submits a FAFSA/CADAA and is under the age of 26 will be matched to the child welfare database. Students in care after the age of 13 will be verified as foster youth.

- **What to do**: Students must list their college school code correctly on their FAFSA/CADAA so that the financial aid office at their college can verify their status. This process is designed to eliminate the need for students to obtain a ward of the court letter from their child welfare department, however if there is any difficulty with the verification process, contact the Foster Youth Ombudsman’s Office, 877-846-1602, fosteryouthhelp@dss.ca.gov

### LCFF Provisions for Foster Youth

**Local Control Funding Formula Elements**

Provisions related to foster youth.
- School districts are required to develop and implement plans specifying how the district will improve the educational outcomes of foster youth.
- CDSS and CDE are required to share data and to inform school districts which of their students are in foster care.
- CDE is required to track and report the educational outcomes for foster youth.
- Schools and school districts with 15 or more foster youth will be held accountable for their academic performance.
- School districts must develop, present and adopt a local control and accountability plan (LCAP). The plans must:
  - Identify goals for foster youth as a district subgroup.
  - Describe the specific actions the districts will take each year to achieve these goals.
  - Contain the budget associated with these actions.

Districts should reference the Foster Youth Education Toolkit, which is designed to assist school districts in meeting the promise of the Local Control Funding Formula (LCFF), ensuring foster youth receive full benefits of laws designed to protect them.
